

Flood alert for South Devon Rivers

[Get flood warnings by phone, text or email](#)

Updated 12:20pm on 17 December 2025

High river levels over the next two days may lead to flooding.

Flooding is possible from the evening of 17 December 2025.

Rain is forecast overnight on Wednesday and Thursday with rivers expected to respond from Wednesday evening.

Locations most affected will be low lying land and roads near rivers.

The main areas of concern are Ivybridge, South Brent, Ermington, Avonwick, Averton Gifford, Kingsbridge, Harbertonford and Dartmouth.

We are monitoring rainfall and river levels.

Take care and avoid walking, cycling or driving through flood water.

This message will be updated by 5:00PM on 18 December 2025 or as the situation changes.
